PROFESSIONAL SUMMARY

Motivated software developer and 4th-semester Computer Science student with hands-on foundational knowledge in object-oriented programming, relational databases, and front-end web technologies, plus practical project work in React, TypeScript, JavaScript, Node.js, and Flutter. Built a payment platform that enabled people in Afghanistan to pay for paid AI tools via the HesabPay API, and delivered a live WordPress business website for a Finnish cleaning-services company. Seeking a junior / entry-level remote software developer role to contribute to real-world software solutions while expanding practical engineering competencies.

TECHNICAL SKILLS

- Programming Languages: C++, Java, Python, JavaScript, TypeScript, Dart
- Frameworks: React, Node.js / Express, Laravel, Flutter
- Web Development: HTML5, CSS3, WordPress
- Database Management: MySQL, SQLite
- APIs / Integrations: REST API integration (HesabPay API)
- Tools: Git & Version Control Fundamentals, Microsoft Office Suite
- Core Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (Basics)

WORK EXPERIENCE

WordPress Developer (Freelance) - AST Clean & Shine, Finland

- Built and launched a WordPress business website for a Finnish cleaning-services company: service pages, pricing, FAQ, customer reviews, and a booking/contact request flow.
- Live site: https://siivouspalvelu-ast.fi/

PROJECTS

TOBA STUDIO - Digital Services Platform - React, TypeScript, Node.js (Express), SQLite

- Full-stack platform selling AI premium accounts, virtual cards, and graphic-design services: accounts with email verification and password reset (JWT, bcrypt), cart, order tracking, admin panel.
- Checkout payments via the HesabPay API; interface in Dari, Pashto, and English. Code: https://github.com/haidarzada987-tech/Toba-Studio

BMI Pro - Mobile App (Android / iOS) - Flutter, Dart

- Local-first BMI and wellness tracker: BMI, BMR and TDEE calculation, weight history with charts, metric/imperial units, light/dark themes.
- 7 languages including Dari and Arabic (RTL); all data stored on-device (Hive), no backend needed. Code: https://github.com/haidarzada987-tech/BMI-Pro

Personal Portfolio Website - HTML, CSS, JavaScript

- Personal introduction and portfolio website, published live via GitHub Pages: https://haidarzada987-tech.github.io/noorcode/

EDUCATION

Bachelor of Science in Computer Science - Currently Enrolled (4th Semester)

Kateb University

- Relevant Coursework: Object-Oriented Programming, Data Structures, Relational Database Management Systems (RDBMS), Web Technologies.
- Actively engaged in academic coding assignments and practical software development modules.

KEY COMPETENCIES & SOFT SKILLS

- Problem-solving mindset, fast learner with strong adaptability to new frameworks and tools.
- Effective communication skills and collaborative team-player attitude.

LANGUAGES

- Dari (Persian): Native proficiency
- English: Professional working / Intermediate proficiency
